NEWSPAPERS AND MAGAZINES

Taken from various India Today, Frontline and Indian Defence Review editions.

Obtained from open material as available in the various editions of India Today and Frontline and Unclassified Papers, ‘Pakistani Artillery’, available in School of Artillery Library, Devlali.

News article in CNN-IBN Channel, January 2011.

A Beletskiy, Senior Lieutenant of Soviet Artillery in Afghanistan, The Soviet Experience in Afghanistan, writes of his personal experience of employing his 2S4 mortar battery against a Mujahedeen stronghold that normal field artillery could not engage.

As a part of this research project, the author had the opportunity to discuss these issues with HE Mr Alexander M Kadakin, Ambassador of the Russian Federation to the Republic of India, Admiral Mike Mullen the then Chairman of Joint Chief of Staff US Armed Forces, Gen Sir Richard Dannat, ex-Chief of the General Staff, British Army and Lt Gen Ken Gillespie, Chief of Australian Army in the National Defence College, New Delhi during 2010. These meetings were organized by the Commandant NDC, New Delhi as part of this PhD project. Based on discussions the author has included two “Case Studies” signifying use of artillery in counter insurgency operations in Afghanistan, pertaining to soviet and the British Army.

This Case Study has been developed based on the author’s discussions on the subject with Gen Sir Richard Dannat, ex-Chief of General Staff of British Army and Lt Gen Ken Gillespie, Chief of Australian Army in National Defence College, New Delhi, 2010, who had also sent a logistics battalion to Afghanistan.
