</table>
Table No. | Title | Page
---|---|---
4.3.7 | Distribution of respondents by age at marriage and CEB | 134
4.3.8 | Distribution of respondents by child loss and CEB | 135
4.3.9 | Distribution of respondents by standard of living by CEB | 136
4.3.10 | Distribution of respondents by economic value of children and CEB | 138
4.3.11 | Distribution of respondents by social value of children by CEB | 138
4.3.12 | Distribution of respondents by Inter-spouse communication and CEB | 139
4.3.13 | Distribution of respondents by Information education communication and CEB | 141
4.3.14 | Distribution of respondents by perception on contraception by CEB | 142
4.3.15.1 | Chi-square analysis of economic value of children by different age groups and CEB | 145
4.3.15.2 | Mantel-Haenszel chi-square analysis of economic value of children | 145
4.3.16 | Zero order correlation of selected socio-economic and demographic variables | 146
4.3.17 | Co-relation matrix of psycho-social variables | 148
4.4.1 | Regression analysis of psycho-social variables by CEB | 151
4.4.2.4 | Regression analysis of Information education and communication and CEB | 152
4.4.3 | Regression analysis results | 159
4.5 | Logistic regression results | 162
4.5.1 | Coding of variables | 163
